This study was purposed to investigate the effects of Skimmia polysaccharides (SPS) on expression of cytokines in peripheral blood mononuclear cells (PBMC) of hepatitis B virus (HBV)-infected patients. The plasma levels of interleukin-2 (IL-2), IL-4, IL-6, IL-10, interferon-gamma (IFN-gamma) and tumor necrosis factor-alpha (TNF-alpha) were determined by ELISA before and after the treatment. The results showed that the expression levels of IL-2, IL-4 and IFN-gamma in the SPS group were significantly higher than those in the control group (P We all know that IMDB is a great resource for movie info. But did you know that it's also the definitive source for 'short cut' data? For example, who was the photographer and cinematographer behind what movie? Filmmakers can add links to their IMDB pages that direct viewers to their sites with all sorts of information, including how many copies of the movie are out in circulation on VHS,
